Oh... I live a happy life from dawn 'til dusk
I like my job, I got my friends, a place that I come home
to
Spend an evening on the town, a drink or two
A new romance, maybe a dance, but here they come -
those feelings

Oh... I just can't take it when the night comes
Livin' with the memories of the good times
Days together, when you loved me
Gone forever, now I'm lonely
Doin' what I wanna do, okay - that's me
I live a life without a tie and that's the way I like it
Goin' to a fancy place and have a meal
I'm feelin' fine, maybe some wine, but here they come -
those feelings

Oh... I just can't take it when the night comes
Livin' with the memories of the good times
Days together, when you loved me
Gone forever, now I'm lonely

No, I just can't take it when the night comes
Livin' with the memories of the good times
Days together, when you loved me
Gone forever, now I'm lonely

Oh... I just can't take it when the night comes
Livin' with the memories of the good times
No, I just can't take it when the night comes
