I have walked this earth and watched people.  
I can be sincere and say I like them

You can't say no to hope, can't say no to happiness

I want to go on a mountain-top  
with a radio and good batteries  
play a joyous tune  
and free the human race from suffering

I'm no fucking Buddhist but this is enlightenment

The less room you give me, the more space I've got

This is an alarm-call so wake-up wake-up now

Today has never happened and it doesn't frighten me
