"Nature Is Ancient"

It's bright in the middle
With a shell around it
It's called life

It goes wherever it wants to
Don't try to predict it
Then you'd offend it
It's meant to surprise

Chorus:
Nature is ancient
But surprises us all
(2x)

Rescue me
From level-headedness
An unnecessary luxury of being calm

[Chorus 2x]

She's got dark hairs on her head
And blood on her arms
She sneaks up from behind
Come on - you deserve it!

[Chorus 4x]

Nature is ancient
So ancient
Nature is ancient
Ancient
