The nerves are sending  
shimmering signals  
all through my fingers  
the veins support  
blood that gushes  
pulsively towards

The triumph of a heart - that gives all : that gives all  
The triumph of a heart - that gives all : that gives all

The stubborn trunks  
of these legs of mine  
serve as pathways  
for my favourite fuel  
heading upwards towards  
my kidneys

The triumph of a heart - that gives all : that gives all  
The triumph of a heart - that gives all : that gives all

Smooth  
soft, red  
velvety lungs  
are pushing a network  
of oxygen joyfully  
through a nose  
through a mouth  
but all enjoys  
all enjoys

The triumph of a heart - that gives all : that gives all  
The triumph of a heart - that gives all : that gives all  
The triumph of a heart - that gives all : that gives all  
The triumph of a heart - that gives all : that gives all
