### "She Waits For Me"

Visit "[She Waits For Me](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Two weeks have passed  
Since you last asked me for an answer  
And i'm sorry now.

But thinking back  
I thought that maybe i could please you  
But i cancel now.

I made your bed while you were in the shower  
I cant stop thinkin a hundred miles an hour  
And any minute you'll be back  
To ask me if i've got the answer now.

Still she waits for me  
Still she waits for me

Miss Independent you got everythin  
You need to make it on your own  
You say you're happy  
But i know that you're still waiting on the telephone.

We started out when everything was easy  
But you're still thinking about  
The way we could have been.

Two weeks have passed  
Since you last asked me for an answer  
And im sorry now.

Still she waits for me  
Still she waits for me  
Still she waits for me  
Still she waits for me

You're putting pressure on my wounds  
To stop the bleeding but im passing out  
You can't ask me back or make me better  
You're the devil and you bring me down.

Don't wanna tell you about the way i really feel  
But you're still pushing a heart that's only made of

steel  
And any minute you'll be back  
To ask me if i got the answer now.

Still she waits for me  
Still she waits for me  
Still she waits for me  
Still she waits for me.
