Its funny how with each passing day

You come to mind in an unexpected way

A soul is the angle of the moon

brings me back to you

You are my first my last my only love

The earth the stars above

If I could change

one thing about my life

Id take back the day

the day I let you go

If I could change

I'd turn the hands of time

I know you'd be mine

If only i could change

Ooh... If only I could change

Just when i think I've been set free now

Flashes of our life come back to me

How bout you

Do you ever look inside

And you wonder why

you are my first my last my only love

im so wrapped up in the memory of

If I could change

one thing about my life

I'd take back the day

the day I let you go

If I could change

I'd turn the hands of time

I know you'd be mine

If only i could change

Ooh

And I know

Theres no living in the past

Theres no way of bringin back

Your love to me again

I still remember

The day we said hello

I just cant forget

the day I let you go

If I could change

one thing about my life

Id take back the day

the day I let you go

If I could change

I'd turn the hands of time

I know you'd be mine

If only i could change

You were my first my last my only love

Im so wrapped up in the memory of

(And If I) If I could change

one thing about my life

Id take back the day (id take back the day i let you walk
out the door baby)

the day I let you go

If I could change

I'd turn the hands of time

I know you'd be mine

If only i could change

Only i could change

If only i could change

if only i could change

if only i could change

If only i could change.....
