It started one day and the misery  
All you see happening  
Came into this world all alone  
And I want to save it from you  
It happens this way and the day you knocked  
Secretly on the door  
Of the priest that you knew before  
Well I want to save him from you

Where are you now?  
Where are you now?

Run away run away  
From the hypocrisy  
Run away run away  
Until the light you can see  
Run away run away  
You're only running from yourself

Run away run away  
From the hypocrisy  
Run away run away  
Until the light you can see  
Run away run away  
You're only running from yourself

They came into the world told your  
Children they were angels  
They were creatures  
Of another world, innocent.  
Well maybe angels they were  
Once upon a time.  
They started a road, a map  
A tour of the negligent  
Preying on the innocent  
Which angels were they before?

Run away run away  
From the hypocrisy  
Run away run away  
Until the light you can see

Run away run away  
You're only running from yourself
