I know that I can't keep her
Now she's in love with you
But I just wanna see, I won't be far away
So don't make my baby blue

I know your reputation
They say you can be true
But I'll be standing by, so you just better try
And don't make my baby blue

That little girl's an angel
And it hurts me to set her free
So you'd better take good care of her
'Cause she still means the world to me

I'm gonna step aside now
Just like she wants me to
But even though I'm gone, I'll still be looking on
So don't make my baby blue

That little girl's an angel
And it hurts me to set her free
So you'd better take good care of her
'Cause she still means the world to me

I'm gonna step aside now
Just like she wants me to
But even though I'm gone, I'll still be looking on
So don't make my baby blue
Don't make my baby blue
Don't make my baby blue
