"A fire In Babylon"

A spark will soon ignite
Burning flame of the light, a fire that will purify
Wipe away the city's lies
Reducing fortunes into ash

Tear apart your useless mask
Nowhere left for you to hide
Damned for your foolish pride
Chant down Babylon, chant down Babylon

Revelations time is now
Your world will crumble to the ground
Final judgment now has come
This is the Armageddon

A eulogy, for the modern man enslaved and devoured
By the strength of it's demands
A eulogy, for the modern man hide your head and
cower
Or be struck down where you stand

To advance in truth and rights
To advance in love and light
The path of righteousness is leading
The songs of I and I are pleading

In the grace of Mr. Zion
With the strength of a lion
All barriers shall be broken
All heart alight and open
Chant down Babylon, chant down Babylon

Revelations time is now
Your world will crumble to the ground
Final judgment now has come
This is Armageddon

A eulogy, for the modern man enslaved and devoured
By the strength of it's demands
A eulogy for the modern man hide your head and
cower
Or be struck down where you stand

A fire burns in Babylon
A fire burns in Babylon
A fire burns in Babylon
A fire burns in Babylon

A fire burns in Babylon
A fire burns in Babylon
A fire burns in Babylon
A fire burns in Babylon

A fire burns in Babylon
Your world will burn
Your world will burn
