You will never  
Give the power  
To the powerless  
Your new ideal  
Has Grown  
Beyond your control  
Can you ever find yourself again?  
Your vision distorting  
Knowing it will never end  
Can't see through your eyes  
Can you imagine  
What is only  
One step away?  
The potential  
Is waiting  
Just beyond your grasp  
Can you ever find yourself again?  
Your vision distorting  
Knowing it will never end  
Can you keep fighting on and on?  
THIS FALSE ME  
WILL BURN  
IN EFFIGY!!!  
It's so easy  
To relax and watch from afar  
It's so easy you give in to inertia  
Can you ever find yourself again?  
Your vision distorting  
Knowing it will never end  
Can't see through your eyes
