Where has it gone?
Have all of the words escaped?
Inspiration on demand
Emotions all displaced

And I will wander endlessly
Seeking all the answers that I let slip through my
fingers
And I will wander endlessly
Seeking all the answers that I let slip and fall away
Turn it all around
It melts into sound
Unfolding, ever growing

Torn from my rest
Though I still fight to stay
The images dissolve
As the day invades

And I will wander endlessly
Seeking all the answers that I let slip through my
fingers
And I will wander endlessly
Seeking all the answers that I let slip and fall away
A second to react
The mind too slow to act
Unfolding, ever growing
What possessed us to go
First sequence three's burn here
Unfolding, ever growing

Drown the voices of restraint
Make them choke in silence

Incinerate the ropes
And embrace the hope
Unfolding, ever growing
Splintering the doors
Free the mind to soar
Unfolding, ever growing
Turn it all around
It melts into sound

Drown the voices of restraint
Make them choke to silence
