Inspiration is the light of the mind  
Revelation the meaning behind  
Clouds of sacred incense allow us to rise  
Cast away all our earthly ties

Without a veil of tears  
Journey of the magi cascading  
Fulfillment of our mind your cowardice  
Is fuel for this deception your vanity  
Destruction of our soul

Cannot defend  
Lies without end  
I'll smash you trend  
Living to be free

Cannot defend  
Lies without end  
I will pretend  
No more

Smashing through the doors of your perception  
Realization of a world beyond the tangible  
Ancestral wisdom timeless inspiration  
The mystery of one spirit

I create the light I create the darkness  
Author alike of prosperity and woe  
Their God is but a symptom of their power  
Another tool they use to dominate and control

Without a veil of tears  
Journey of the magi cascading  
Fulfillment of our mind your cowardice  
Is fuel for this deception your vanity  
Destruction of our soul

Cannot defend  
Lies without end  
I'll smash you trend  
Living to be free

Cannot defend  
Lies without end  
I will pretend  
No more

Smashing through the doors of your perception  
Realization of a world beyond the tangible  
Ancestral wisdom timeless inspiration  
The mystery of one spirit

Smashing through the doors of your perception  
Realization of a world beyond the tangible  
Ancestral wisdom timeless inspiration  
The mystery of one spirit
