

Shadows Fall

"Seize The Calm"

Visit "[Seize The Calm](#)" on MotoLyrics.com

The shimmer of understanding
Grasping to maintain
The cold touch of chaos
Are you in control?

(Chorus)
On the edge, how did it come to this?
As we stare into the abyss

This world will only be
A pleasant lie or bitter truth
Somewhere buried deep within
Is a light that forever shines

(Chorus)
On the edge, how did it come to this?
As we stare into the abyss
On the edge, on the precipice
As we stare into the abyss

Seize the calm
It holds more than life

(Chorus)
On the edge, how did it come to this?

As we stare into the abyss
On the edge, on the precipice
As we stare into the abyss

FADING!!!
FALLING!!!
Weightless and shameless
FADING!!!
FALLING!!!
Weightless and shameless
