Anticipation of a reward so pleasing  
Inhibitions ensnaring me like shackles  
Unrelenting urge to quench, to gratify  
All consuming senses of the primitive

And I remain drenched  
In the excess of every movement  
Serenity in this repetition  
Within the peace of this meditation

Convergence of spirit and the physical  
Achievement of pure integration  
No longer distort the true expression of the soul

And I remain drenched  
In the excess of every movement  
Serenity of this repetition  
Forever be searching forward

Nothing remains left behind  
Forever be clawing forward  
Continuance of my line  
Writhing with virility

Instinct to perpetuate  
Divert mortality  
Extend my soul beyond  
Anticipation of a reward so pleasing

Inhibitions ensnaring me like shackles  
Unrelenting urge to quench, to gratify  
All consuming senses of the primitive

And I remain drenched  
In the excess of every movement  
Serenity of this repetition  
Forever be searching forward

Nothing remains left behind  
Forever clawing forward  
Continuance of my life
