Now Standing here watching you as you  
Move towards me bathed in bright streetlights.  
And I know that I am ready to be yours.  
It is so new for me not knowing what to do when I  
Feel your gentle touch.  
I get paralyzed, afraid of moving, when I feel your  
Gentle touch on me.  
And I know this by now,  
Breathless is what I get  
When you are close to me.  
Yes indeed breathless is what I get  
When I feel your hand on mine.  
I get breathless.  
I get breathless.
