I'm never gonna die
Cause I belong alive
I'm the motherfuckin proof
That only the strong survive
I've never been a falcom
I'll never change to appease
I'm never gonna car crash
Or catch a lame disease
You'll always see me on a tricycle, big as a car
Tricked out with three fat bitches on the handle bars
A motherfuckin' clown pimp, never passin the Wraith
And I'll always be your homie from way back in the way
Death can't have this, cause I'm quicker than bullets
Rednecks try to hide from me, sniffin' they mullets
But I can spot em out, BLAST
Pack a hearse until it bottoms out
I'm never gonna take a ride in one myself is what I'm
talkin' about
Nope, never leavin', I'll never stop thievin'
I'll always be here, I'll never leave, my Momma grievin'
I'll never get old, never get weak, forever more
I'm run the underground from here to Ecuador
I'm never gonna die!

[x4:]

I'm forever and ever and ever, ever always (Always)

I never fade to black, never replay the shit I say
You can't find me, box me, or bury me away
I'm on the Southwest side, son, runnin' down Casper
Being chased by some thugs in a car, I run faster
I'm never gonna die, cause I'm part of something
bigger
I'm never gonna flatline, never need no gravedigger
This the real wicked shit from Detroit, the runnin' man

Where the summers heat up and murders come again
I'm never gonna die slow, I'm never gonna go quick
I'll never leave the world as long as fat chicks blowin'
dick
I'll never die broke or rich, I'll never die at all
I'll be here the day the motherfuckin' sky falls

Let the floore collapse, I'll forever drop with it
I'll never loose signal, never stop transmittin'
I will never die, put that on all that I got
Forever, chokin necks, stretch em and tie em all in a
knot
I'll never die!

I'll never be history, I'll always be the future
Sky-divin' off the renaissance, without a parachute
You gotta see me smack the floor, see me bounce back
for more
Para-sailing through the biggest hurricane you ever
saw
Never gonna die, put that on the comet in the sky
When it smashes in the Earth, I'm jumpin' on, catch a
ride
Every year, I'll still be here, but from another
stratosphere
I'll never die, and though, I hope your fuckers know
now that it's clear
I'll never gonna die!
