First off let me speak
There's some crazy motherfuckers I've been dieing to
teach
About the ways of the underground
How it's been around and around by adding those
terrifying sounds
We go way from the east to the west
To the north and the south, juggalos hear me out
You wanna know about me? Well it's time for me to tell
ya
But it sounds so familiar
Known on the streets as ABK
Busting caps at the strays with the rusty ass throw away
If you're scared turn the lights on
I can see your heart steady pounding though I bet it
won't last long
Pack the weed in the bong, take a hit
Don't remenice about some bullshit
That's how it is when you're outta control
A little something that I thought you should know
(Chorus x4)
Tell me why the hell does everybody in this world
wanna know about us?
Did you learn a little bit from the rhymes that I spit?
If not well it goes like this
I'm crazy, fucked in the brain
People say that I'm goin insane
Cause I like that I chose underneath the concrete
Deep where the dead sleep and the killas reap
Away from the sun cause it hurts my eyes

Like a vampire, only come around at night
Brand new, fuck you
Blood, sweat, and tears now it's time for me to break
through
Been such an outcast in so many ways
Now it's time to clean my head out make you all
amazed
Words that I speak leave your ears infected
No need for bodyguards I'm my own protection
There's only 2 things that I need

My juggalo family and a bag from JD
(Chorus x4)
Tell me why the hell does everybody in this world
wanna know about us?
Do you know? (16x)
(Shaggy)
Well, me and ABK we be like
(Hold up man you got to many cases on your hand)
Besides, if I told you then I'd have to choke ya
Chop ya, cut ya, Shaggy'll smoke ya
To much dirt that I can't speak
Now that you think you know, you don't know
I'll put my kids on it
If it makes you think, go ahead light a joint
Cause you don't know, that's the point
(Chorus x8)
Tell me why the hell does everybody in this world
wanna know about us?
