What the deal though, don't tell me that I'm fine  
I listen to your memories, but none of them are mine  
I don't recall it, I don't remember your name  
The people waiting in the hall, to me they're all the  
same  
Fucking no bodies and I'm a no body to them  
I don't remember your photos, don't show me those  
again  
This bitch saying I love her, she don't ring a bell  
I don't remember my opinion and she's hot, it's hard to  
tell  
And all bets are off, and all my debts you can forget  
them  
Cuz my memory is wiped out flat from the beginning  
I don't represent nothing, I don't come from any hood  
I'm sick of strangers all about me, damn it don't do any  
good  
I never ever look back again or recollect  
I don't remember you either, bitch; I don't want to  
reconnect  
So just leave me alone and let me start a new tomorrow  
I don't even want the shit I let you borrow, keep it.

Like that, every thought I think was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I think was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I think was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I think was all mine  
Cleaned out, my rent is lost; I can't find

They took me to somebody's house  
I'm layin in somebody's bed  
Starin at a lightbulb, eyes sunk in my head  
How the fuck did this happen?  
What the fuck is my name?  
Are there really memories somewhere tucked into my  
brain  
It's all the same to me though, it's all a game to me  
though  
These people stopping by, saying hi. They're lame to

me though  
I don't remember my style. I don't recall nothing at all  
Was I rap, rock, hippie shit or pop, who da call?  
Who ta lean on  
Every night I dream the same rerun  
The back of my eyelids the only memory I'm seeing  
Paralyzed in the brain they tell me so many stories  
I'm just staring at their lips moving, lost in purgatory  
It's all Blah blah blah then we blah blah player  
Fucking more words pourin outta head after head  
I quit listening and I flip'em the bird and fall asleep  
I ain't even sure what fucking language I speak  
Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find

Did I have favorites or anything I hated?  
Who did I love and why's it all disintegrated?  
My memory was born today, this ain't even my life  
They're telling me it's where I belong, but they ain't  
right  
Put me lost in a forest alone in a cabin  
Cuz all there ever was for me is gone, I can't have it  
I don't want to live in this kid's life any more  
Therefore fuck you, show me outta the door

Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find  
Like that, every thought I thunk was all mine  
Cleaned out, my rent is lost; I can't find
