Shai, comin' right back at ya baby...
If I ever fall in love again,
next time the lady will be... just... like you

The very first time that I saw your brown eyes
Your lips said "hello" and I said hi
I knew right then you were the one
But I was caught up in physical attraction
But to my satisfaction
Baby you were more than just a face

And if I ever fall in love again
I will be sure that the lady is a friend
and if I ever fall in love so true
I will be sure that the lady's just like you

Ooooh yeah.... the very next time she'll be my friend

If I say that I could be your one and only
Promise, that you'll never leave me lonely
I just wanna be the one you need
Oh Baby
I just wanna be the one to serve you
Sometimes I feel as if I don't deserve you
I cherish every moment that we share

And if I ever fall in love again
I will be sure that the lady is a friend
and if I ever fall in love so true
I will be sure that the lady's just like you

hey baby i made a promise, the next time I fell in love,
my love would also be my friend..
somebody who'll be there for me through thick and
thin...
to love me, to hold me, comfort me.
Somebody who would be there with me all through the
night.
(somebody just like you)

My friend, the very next time she will be my friend

someone who I can believe in
My friend, the very next time she will be my friend

My friend, the very next time she will be my friend
someone who I can believe in
The very next time she will be my friend

And if I ever fall in love again
I will be sure that the lady is a friend
and if I ever fall in love so true
I will be sure that the lady's just like you
