See, first of all
I know these so-called playas wouldn't tell you this
But I'mma be real and say what's on my heart
Let's take this chance and make this love feel relevant
Didn't you know I loved you from the start, yeah

When I think about
All these years we've put in this relationship
Who knew we'd make it this far?
Then I think about
Where would I be if we were to just to fall apart
And I can't stand the thought of losing you

Chorus:
Meet me at the altar in your white dress
We ain't getting no younger, we might as well do it
Been feeling you all the while girl I must confess
Girl let's just get married
I just wanna get married

Meet me at the altar in your white dress
We ain't getting no younger, we might as well do it
Been feeling you all the while girl I must confess
Girl let's just get married
I just wanna get married

Said I done it all
But frankly girl, I'm tired of this emptiness
I wanna come home to you and only you
Cause making love to just anyone ain't happening
I just gotta be with you

Do you think about
Us finishing something we started so long ago
I wanna give you my all
Do you think about maybe us having some babies
Come on won't you be my lady forever, yeah

I'm ready to commit to you
And I just can't wait for that night
Cause I need you here with me

And let's start a family

Repeat Chorus till end
