Chorus

I love you  
Girls beautiful  
I love you  
Girls beautiful  
I love you

Don't know how I got your number in the end  
Think I got of a friend of a friend of a friend  
I don't know your name but I remember your face  
And I dreamt and I dreamt that you are dreaming of  
me  
Keep on dancing make me give in  
Romance take in I am still craving
