Ooh excess bleeding heart
Ooh excess bleeding heart
Sow the fruits of madness, they grow up in my tree
Your can live with luxury
Ooh excess bleeding heart
Ooh excess bleeding heart

Stop your heart's sadness, set your soul free
Come make love with luxury
Ooh excess bleeding heart
Ooh excess bleeding heart

Everybody sing
Ooh excess bleeding heart
Ooh excess bleeding heart

They believe your're blind, but we disagree.
We give light so you can see your

Ooh excess bleeding heart
Ooh excess bleeding heart

Expel excess live on a pea, and you'll
Forget your luxury
Ooh excess bleeding heart
Ooh excess bleeding heart

Madder, madder, madder, madder.
Up a snake and down a ladder life as
Full as you can find.
Maybe love should be blind
In the world everything needs re-focusing
This road leads to the palace of wisdom
Ooh excess bleeding heart
Ooh excess bleeding heart
