I got a call, a telephone call today  
Somebody's offering a job a thousand miles away  
And I want to take it, it's the opportunity of a life time  
But I need a second opinion, an opinion other than  
mine

So I, I'm turning to you  
Because you always seem to know what to do  
When times like these arrive, I call  
On my only true friend in the world, my girl

So I, I wanna to know, should I really, really go?  
And if so, are you coming with me?  
I, I got to know, if you really want me to go  
And if so, come with me

I never wanted anything as much as I want you with me  
You were the one who said to follow my dreams  
Of having a house, a car, a view of the stars, and a  
beautiful wife  
So I need someone I can go with, I need some love in  
my life

So I, I'm turning to you  
Because you always seem to know what to do  
When times like these arrive, I call  
On the only real love of my life, you are my life

I want to know, should I really, really go?  
And if so, are you coming with me?  
So I, I got to know, if you really want me to go  
And if so, come with me

I need you to come with me  
I need you to come with me  
I need you to come with me
