Talk to me baby, I'm listening

Lay down and tell me what's on your mind
What exactly did he do to make you cry this time
Well, I will be your comforter, I will make it right
He cast a shadow on your heart and I will bring back
your light

Come in, I see he's hurt you again, when you are in
pain, I'm in pain
That's part of being a friend but this is a special case
I held my feelings back because of him and now I can
see it more than ever
I made a big big big, big mistake

I don't mean to disregard your feelings but I think that
he's a fool
He don't know how sensitive you are and baby that just
ain't cool
I'm just glad, I can be there for you when you need a
helping hand
When deep inside my heart from the start I know I
should've been your man

Lay down and tell me what's on your mind
What exactly did he do to make you cry this time
Well, I will be your comforter, I will make it right
He cast a shadow on your heart and I will bring back
your light

I will comfort, comfort, comfort you
I will comfort, I will comfort you
I will comfort, comfort, comfort you
I will comfort, I will comfort you

I will comfort, comfort, comfort you
I will comfort, I will comfort you
I will comfort, comfort, comfort you
I will comfort, I will comfort you

Lay down and tell me what's on your mind
What exactly did he do to make you cry this time

Well, I will be your comforter, I will make it right
He cast a shadow on your heart and I will bring back
your light
