He's
treatin' you bad, why can't you see
Why don't you pack your bags and come with me
I'll take you to a place that's warm and safe, lady
Come with me, don't you be afraid
The way he makes you feel
I can make you feel so much better
Too many empty promises made
You deserve better
He's treatin' you wrong, still you try to hold on
You know you need to be with me
I love you forever and ever
You really need to be with me
If he's doin' you wrong you gotta move on
You know you need to be with me
I love you forever and ever
You really need to be with me
I'll never let you down
Too many nights wonderin' if he's comin' home
See, he never calls, doesn't know you're all alone
See, what you need is someone like me, baby
Anytime any place, I'll be there for you, baby, oh... oh...
Oh, the way he makes you feel, lady
I can make you feel so much better
So pack your bags and come with me
You deserve more, baby, can't you see
He's treatin' you wrong, still you try to hold on
You know you need to be with me
I love you forever and ever
You really need to be with me
If he's doin' you wrong you gotta move on
You know you need to be with me
I love you forever and ever
You really need to be with me
I'll never let you down
