### "Unlearned"

This was no upbringing. It only tore me down.  
I was not taught. I was twisted.  
This education is deprivation of the truth, halting my  
growth.

Governed in the wrong.  
Schooled in churches of dissent.  
A fear of everything instilled in me.  
But bleeding through this involvement, I dub myself.

I unlearned what you have beat into me.

Governed in the wrong.  
Schooled in churches of dissent.  
A fear of every man instilled in me.  
Driven in like nails.
