Propaganda Day
(Lyrics and Music by Cristoffer Escoz)

Darling, you are free, you are free
That's what they're telling you
Darling, you are blessed, you are blessed
It's such a propaganda day

Can't you see we're just a piece
We're just a piece of a great big wheel
Leaders, beavers, they're just deceivers
They're just deceivers building a bomb
Leaders, beavers, they're just deceivers
They're just deceivers building a bomb
They're building a bomb
They're building a bomb

Darling, this land is free, this land is free
That's what they're telling you
Darling, let's go to war, and rape the poor
It's such a propaganda day

Can't you see we're just a piece
We're just a piece of a great big wheel
Leaders, beavers, they're just deceivers
They're just deceivers building a bomb
Leaders, beavers, they're just deceivers
They're just deceivers building a bomb
They're building a bomb
They're building a bomb
