Shai Hulud

"Hardly"

I am a memory,
And I never existed
And now I am nothing.

Her name, a single word
Melts me, takes me to the ground.
Only alive, can't she see
I'mæŠ¦ destroyed by yesterdays.

And do I gain?x5

I could only Dream
For a chance to side with me,
Inquire, ingest, implode.
Let this not be the disassemblance of me.
Another night with arms still empty.

I'mæŠ¦ destroyed.x4

And do I gain?x3
Or just...
fall.x3

And I am a memory,
And I never existed
And now I am nothing

Nothing, no nothing
take me.....

fall. x3
i'm falling. x4
we fall
