Sweet Kiss

help me to believe - i need a need - need a sweet kiss
sweet kissing - needs a need - help me to believe
in sweet kissing - sweet kissing needs a need
help me to believe - sweet kiss

so sweet - help me to believe
in ladies manner - can't believe in
so sweet - but i don't miss
this highest stage - or just the dress they wear

so sweet - i have no thought
i'm not the queen - there's no sex appeal
in this horrfying deal
it will change you and will steal
your sweet kiss

so sweet - let me feel my life
like kiss in darkness - need a sweet kiss
so sweet - i feel the stress
eating my life up - i'm sick of it

so sweet - i have a flair
for coming fear - there's no sex appeal
in this horrfying deal
it will change you and will steal
your sweet kiss

so sweet so deep - need a kiss on my *beep*
need a deep kiss on my sweet lips
i need to feel the hot but discreet kiss on my lips

so sweet - naked on the bill
i need a guide - defects to fulfill
so sweet - i feel my skin
and i have a flair - for fear

so sweet - i have no thought
i'm not the queen - there's no sex appeal
in this horrfying deal

it will change you and will steal
your sweet kiss

so sweet so deep - need a kiss on my *beep*
need a deep kiss on my sweet lips
i need to feel the hot but discreet kiss on my lips
