The Life I Live by Q65  
Sitting in my chair and thinking  
Thinking of the crowd I'm in with  
Thinking of the music I make  
And all the things I don't wanna give  
Well, I take everything I want  
The girls are fighting for me  
But everytime that I take one  
They're indisposed, poor old me!

Well, this is my life of sadness  
This is the life I live  
This is my life of gladness  
This is the life I live

Last week I went to the graveyard  
My dog was killed by a car  
Feel the pain, the pain has started  
He's dead, but friends, we still are  
Sunday we played in a dancing  
The public was very down  
But it didn't bore us a thing  
'Cause we smoked ourselves a kick

Well, this is my life of sadness  
This is the life I live  
This is my life of gladness  
This is the life I live

I had a girl and I loved her  
She knows, she knows I still do  
But she married with a rich man  
But the things she wants, he can't do  
Once we were on Joops wedding  
We smoked and drank all night  
At twelve we were thrown out  
'Cause the house had changed into a crowd

Well, this is my life of sadness  
This is the life I live  
This is my life of gladness

This is the life I live
