Stay, stay, stay the night, don't leave me now.
Just give me time, I'll show you how we can fly.
Tomorrow may be too late. You say I have to wait.
So many people in the same situation.
Awake!

I got it right over my head.
It puzzles me
Can't you see it baby?
I'm over the moon for you.

Here's the sleeping
I got it all over my head.
Such a sweet thing
I got it all over my head.

Stay, stay, stay for life, and make up your mind.
For me you are the sun, so, please begin to shine.
Tomorrow may be too late. I say; don't hesitate.
I don't want to be in the same situation.
Awake!

I got it right over my head.
Around and round
Yeah, I've got it right over my head.
I'm over the moon for you

Here's the sleeping...

Moontripper
Got it right over my head

I got it right over my head.
It's killing me
Can't you see it baby
I'm over the moon...

I'm over the moon for you
