Everything I thought I ever new  
(Scream daydream, take me away)  
Disappears with you  
My knees start shaking, heart's breaking for you  
(A lonely paradox's swing reversely, taken breath from  
me, cast me away)  
and everything you do

My entire world, it falls apart  
Without you here with me  
(Catch me fast I'm falling,  
In circles, fast for you I'm calling  
Catch me fast I'm dawning  
Slowing down the moment  
Burgundy raining on me  
Slowing down the moment  
Staring off the boundaries

This I swear, I'll be right there  
If you'd stay with me  
We'll walk on stars, and swim the skies  
Cuz I'm in love with you

Days seem endless spent pretending you're here  
(With meaning begging to be)  
Everything's so clear  
With this heart feeling you know you're dealing with  
love  
(Silence I as you pass by again)  
Thoughts are never enough

And I fall, (Leaves falling)  
Here, without you near  
(Pulling close the moments)  
And it's so, clear, I want you hear  
(Time in its purity)  
And I fall, here, without you near  
(I can't bear to see)  
And it's so, clear, I want you here  
(Pulling close the moments and)
