Take me there
I wanna go there
Take me there
Let's go there
Take me to that great place
With wonders and wishes
Take me there
I wanna go there
Take me there
You know where
Take me to that great place
With wonders and wishes

[Mya]:
Sittin' here thinking 'bout yesterday
About what we did and how we used to play
Just the thought of you bring a smile upon my face
That's how it makes me to see you everyday

Where we go
Nobody knows
And what we do
Is between me and you

Come on and take my hand
To that special place
Where smiles come to life and dreams come true

Take me there
I wanna go there
Take me there
Let's go there
Take me to that great place
With wonders and wishes
Take me there
I wanna go there
Take me there
You know where
Take me to that great place
With wonders and wishes

[Blackstreet]:

Just make a wish
Close your eyes and count to five
Cause you know that everything will be alright
I see the magic in your eyes
Strong enough, you know, to bring your dreams alive

Where we go
Nobody knows
And what we do
Is between me and you

Come on and take my hand
To that special place
Don't want this dream to ever go away

Take me there
I wanna go there
Take me there
Let's go there
Take me to that great place
With wonders and wishes
Take me there
I wanna go there
Take me there
You know where
Take me to that great place
With wonders and wishes

[MaSe]:

Angelica's the one with all exposure
Lil is the one they drop in the stroller
Tommy got the whole world on his shoulders
Dil crys to sleep til his eyes are deep
And I couldn't bring Chuckie, Chuckie to rep-to
Chuckie gets scared, so Chuckie let's go
If I was a Rugrat with a a benz for real
Me and my twin with a vengeance like Phil and Lil

[Blinky Blink]:

And with 1 wish
Blink, grant you 1 trip
Where we goin is an adventure
Who you wanna come with?
You're my little brother that I'll come get
Run wit, but it's gotta be done quick
Yo Chuckie is scared, Tommy is sad
Phil and Lil missin their mommy and dad
So pick a time and date
And find a place
And I guarantee you Tommy we'll get home safe

Take me there
I wanna go there
Take me there
Let's go there
Take me to that great place
With wonders and wishes
Take me there
I wanna go there
Take me there
You know where
Take me to that great place
With wonders and wishes
