Iâ€™ve been cruising every highway but I donâ€™t know  
where I  
â€™ve been  
All my life Iâ€™ve been rightful, if killing ainâ€™t no sin  
Iâ€™ve been trying to remember what I did along the way  
Who I am, where I came from, well I guess itâ€™s all the  
Same

I know, tomorrow I will beg for today  
I know, Iâ€™ve never been afraid  
Yeah I know, I have ruined my plan

Now Iâ€™m standing here as a broken man

I was given just a little but I ended with a lot  
In the poison I was drowning I deserved just what I got

I know, tomorrow I will beg for today  
I know, Iâ€™ve never been afraid  
Yeah I know, I have ruined my plan  
Now Iâ€™m standing here as a broken man
