My team jut lost 4 - 1  
feeling bad and feeling glum  
to the pub on a saturday night  
30 minutes later and I feel alright

We're the Guinness boys  
love your women and drink their beer

The mother in law's got some front  
but I like a drink its a way of life  
it gets me out and away from the wife

Chorus

my mates and me are having fun  
I look to the clock its half past one  
the wife's gonna kill me and the door will be locked  
I've got no money cos I spent the lot
