Yo man, I can't stop remen this woman
What about that shit man?
She's so fine! Yeah, check it out!
Yeah, check it out! Uh! A little somethin like

It all started at a discotheque, kind of mistacs,
I was about to pavour my drink, uh, I noticed your legs
Smooth my way was ass tight, girl you look so fine!
One of a kind like a Goutch©-design
So I boogied off, to win your attention
I'm the R from R'n'G, Ricardo my mention
Break it down like that, cause you're in effect
You're the type of girl that makes a man come correct
See boo, every since I laid my eyes on you, Uh!
Instinctivly I had to concure you
You're my stars, sponkin up my light, yeah, that's
what you do
Constantly I think about you!

Darlin'â€¦;You think about me, I think about you
No other one can love you like I do
Darlin'â€¦;You think about me, I think about you
Girl I'll be the one to make your dreams come true

Check it!
Constantly you're on my mind, I sit and think about
you all the time
I've never had a love that's real like yours, believe
me when I say you're the one I adore
Cause I did you like that, and your style's more than
fat
You're so confident and rich, there's nothing else
for me to to than refill
From the day we first met in a discotheque, nobody did
expect but you with the hack
I don't care what all these peeps say, I'm still gonna
be with you in anyway

Darlin'â€¦;You think about me, I think about you
No other one can love you like I do
Darlin'â€¦;You think about me, I think about you

Girl I'll be the one to make your dreams come true

Girl, I think about you, do you think about me?
Oooh, I love you so much, girl I need your touch!
Girl, I think about you, do you think about me?
Oooh, I love you so much, girl I need your touch!

Crusin' in my big my system love remeniss uh, Every
sec I wanna freak you like this
Kind of slow and sexy express my feelin, Be my nurse,
give me a sexual feeling
Like mister Marvin Gay, you got me swingin your way
Grew from boy to man you know I don't play

Girl I'm asking you to be patient, and do not judge
me from my action
I try to build up, build not, try to make you my wife
And just a fix we'll be talking 'bout kids
You keep on thingin on and thinkin about you
But then your grown, cause girl off course I do!

Girl, I think about you, do you think about me?
Oooh, I love you so much, girl I need your touch! (Girl I
think about you!)
Girl, I think about you, do you think about me?
Oooh, I love you so much, girl I need your touch!
Darlin'! You think about me, I think about you
No other one can love you like I do
Darlin'! You think about me, I think about you
Girl I'll be the one to make your dreams come true
