ft J. Lee

I wish that I could turn the page
And skip all of the lonely days
Or push a button and rewind
I've been trying to enjoy the few
But it's harder when I'm not with you
I'm battling these endless nights
I walk on air, whenever you're around me
Then I stop and stare, I'm so glad that you found me
Getting stronger, but this is just a holiday

So every single Monday, I'm jaded
And when it gets to Tuesday, I'm straddled
Wishing I could run away, right back to your arms
Waking up to Wednesday, I hate it
But then we got Thursday, we made it
We celebrating Friday, I just can't get enough
I'm ready for a weekend love
I'm ready for a weekend love

And I will never compromise
Something that I can't deny
The greatest story ever told, uh
No matter what I say you do
Always will be fighting for you
You'll always have my hand to hold
I walk on air, whenever you're around me
Then I stop and stare, I'm so glad that you found me
Getting stronger, but this is just a holiday

So every single Monday, I'm jaded
And when it gets to Tuesday, I'm straddled
Wishing I could run away, right back to your arms
Waking up to Wednesday, I hate it
But then we got Thursday, we made it
We celebrating Friday, I just can't get enough
I'm ready for a weekend love
I'm ready for a weekend love.

And when I can touch your face

It's a sweet escape, it's the safest place
I know, nobody can take me away
I'm just dying to say, but we go separate ways

So every single Monday, I'm jaded
And when it gets to Tuesday, I'm straddled
Wishing I could run away, right back to your arms
Waking up to Wednesday, I hate it
But then we got Thursday, we made it
We celebrating Friday, I just can't get enough
I'm ready for a weekend love
I'm ready for a weekend love.
