Chorus:

Baby girl I'll give you hell,  
I can beat it up and make you swell  
long as you S.M.E.L.L like water!  
How you want it, what you need?  
You can get broke off, indeed,  
long as you T.A.S.T.E like water!  
Searching for that deja blu  
holla at me if you got the deja blu,  
Try to get that feeling of deja blu,  
When I play with you It feel like I'm in deja blue!

Mz Ozarka claims she go harder  
This tall bottle of water tell me choosing her is smarter.  
Miss Aquafina  
holla shes a screamer  
Fiji square but she  
swear that she freaky like Adina.  
Disani tells me she's a bitter,  
and this one told me invite her in,  
because she full of vitamin !  
Another says my name is Life,  
And I came upgrade ya  
But nuttn compared to you  
cuz you a fool ms deja blu!

Chorus:

Baby girl I'll give you hell,  
I can beat it up and make you swell,

long as you T.A.S.T.E like water!  
Searching for that deja blu

Is your walk full of confidence  
your talk full of pride,  
curvy frame

Make me melt, looking in your eyes!  
Persona of a diva, but you stay ready to ride!  
Cow girl or shot gun however I decide,  
You make your own money,  
Stay about your bread,  
Scholar on your job, a gladiator on in the bed!  
Dome blocker like the maid, with a reservoir 'tewwn ya  
legs  
then I'm full speed ahead mamma I'ma make you  
spread!

Chorus:

Baby girl I'll give you hell,  
I can beat it up and make you swell  
long as you S.M.E.L.L like water!  
How you want it, what you need?  
You can get broke off, indeed,  
As long as you T.A.S.T.E like water!  
Searching for that deja blu  
holla at me if you got the deja blu,  
Try to get that feeling of deja blu,  
When I play with you It feel like I'm in deja blue!

I'm ready, I'm thirsty!

Rain on me, let yo water fall on me
