I don't know what you're up to
But baby I see me and you
Walking round through the town
always

We can sail around the sea
No one else just you and me
Lay in the sand holding hands
Always

'Cause I'll wait this long for you
To tell me you love me too
I hope I'm not too late

To see your face
Its all the time
Stop asking questions and make up your mind
Let me take you out
Baby don't be shy
Just come with me darling and we can fly
Wherever you wanna go
And I'll always hold you close
Always

Girl I'm yours forever more
My friends may ask but I am sure
I'll be right here for you my dear
always
No one can keep me away
I'm forever here to stay
I'll be your man understand
always

'Cause I waited this long for you
To tell me you love me too
I hope I'm not too late

To see your face
It's all the time

Stop asking questions and make up your mind
Let me take you out
Baby don't be shy
Just come with me darling and we can fly
Wherever you wanna go
And I'll always hold you close
Always

I'll be everything you need
My love is so strong
Don't pretend like you don't know
I've been here all along
Girl I'll wait this long for you
To tell me you love me too
I hope I'm not too late

Girl I promise I will wait

To see your face
Its all the time
Stop asking questions and make up your mind
Let me take you out
Baby don't be shy
Just come with me darling and we can fly
To the stars
We'll be all alone
No one can catch us
'Cause no one knows
I'll be your guy
You'll be my girl
We'll fly away all over the world
If there's one thing you should know
that I'll always hold you close
Always
