Walking down by the riverside
I see the seagulls wheel and dive
and if they don't like what they find
they just fly away
When I look into your eyes
I can see you too would fly
baby there's a lot of sky
and not all of it is grey
Oh we'll never know
if we just walk away
Don't leave me alone
Oh stay with me
Don't leave me alone
Oh stay with me
Don't leave me alone
Wasn't it just yesterday
we thought love was here to stay
We danced to music our hearts played
how did the magic fade
Oh when old dreams die
then new ones take their place
Don't leave me alone
Oh stay with me
Don't leave me alone
Oh stay with me
Don't leave me alone
Oh when old dreams die
Then new ones take their place
Oh we'll never find out
if we just walk away
Don't leave me alone
Oh stay with me
Don't leave me alone
Oh stay with me
Don't leave me alone
Stay-stay with me
Don't leave me alone
