

Shakespear's Sister "Break My Heart"

Visit "[Break My Heart](#)" on MotoLyrics.com

With your new shoes and your black moods
You really break my heart
With your world acclaim and your family name
You really break my heart
Wrapped up warm in yourself tonight
You wonder why things aren't going right
You really break my heart
You really break my heart I bleed for you
You really break my heart
You really break my heart
Got a good looking lover don't need any other
To break my heart
Reading highbrow books just to cultivate your looks
You really break my heart
Watch out here's another breakdown
You wonder what caused it this time 'round
You really break my heart
You really break my heart I bleed for you
You really break my heart
You really break my heart
Home most nights with the TV on
You don't want to be with anyone
You really break my heart
You really break my heart I bleed for you
You really break my heart
You really break my heart
