I'm not blind, but I can't see this
Down to the sea where they see you later
You'll never make it, go away
Do, do you know how

I, I, have gone over
Even you know, even you know
Turn your tears to shatter
Nowhere to go, nowhere to go
Walks from the past waiting in the... woohoo
Biting the chanel's like an alligator
Never make it go away, go away
She drives to earth but she can't work
Poor can, bitter skirt
Straight to the bone and she can't go home
Seem bad in blood, bad by blood
That's what I've heard

I, I, have gone over
Even you know, even you know
Turn your tears to shatter
Nowhere to go, nowhere to go
I'm not going over
Even you know, even you know
Turn your tears to shatter
Nowhere to go, nowhere to go

Look, can you see?
They're waiting for me
This is the day, they take me away
Over and out, it's over now
Look, can you see?
They're waiting for me, for me
This is the day, to be, they take me away
Over and out, it's over now
So just be strong, be strong
It won't be long, too long
Listen to me, to me
They're coming for me, coming
Stronger now, it's over now
It's over now, it's over now, ah.
