"All For You"

I walk down on the tracks
Thinking that you would be there, holding me there
And I set myself on fire like a fool
Told me that you would be there, with water and words

Still I'd do it all for you,
Still I'd do it all just for you.
Still I'd do it all for you,
Still I'd do it all for you.

My heart trashes by as the night, so I defends you
inside
And it seems you think just right
You're my disease, you deflate my sky, the clouds are
falling down
It's raining by balloons

Still I'd do it all for you,
Still I'd do it all just for you.
Still I'd do it all for you,
Still I'd do it all just for you.

You and I we are wind-up just like toys
When the spring lies down it's not a choice
Fail and frings digging through the ash
Looking for some pieces of them hashed
