(Oh oh, yeah)
You have spoken in the sunset.
You have whispered words of comfort in the wind.
You know ev'rything about me;
Before my life began,
You held me in Your hand.

You have walked these roads before me.
You have known the pain a broken heart can bear
[beat]...
Won't You help me now to trust You?
Ev'ry single day, I follow in Your way.

I live for You,
I live for You,
When I think of all Your love has done for me.
I live for You,
Never looking back to what life used to be.
I live for You.
And ev'rything I ever thought was mine,
I'd give it all away to have You in my life. (Just like that.)

I see You in the crystal waters,
And I have felt You in the dark of my despair.
You have shown a love unfailing,
A river running deep that's welling up in me.

I live for You,
I live for You,
When I think of all Your love has done for me.
I live for You,
Never looking back to what life used to be.
I live for You.
And ev'rything I ever thought was mine, (mine, ooh)
I'd give it all away to have You in my life! (Know it's
gonna take)

I know it's gonna take a sacrifice... (Want to see the
world)
I want to see the world through Your eyes! (World
through You..)

I'll live for You the rest of my life! (Just like that. Just like that.)

I live for You,
I live for You,
When I think of all Your love has done for me.
I live for You,
Never looking back to what life used to be.
I live for You.
And ev'rything I ever thought was mine, (mine)
I'd give it all away to have You in my life.

(I live for You,
I live for You,
When I think of all Your love has done for me...)
Yeah
(I live for You,
Never looking back to what life used to be.
I live for You.)
When I think of all Your love has done...
(I live for You, I live for You.)
Ooh...
(Just like that. I live for You, I live for You.
I live for You...)
