Ha, ha. ha, ha. ever laugh ... ha ha ha ha. ha, ha. ha, ha,
ha. ever laugh ...

Today I left my mother round my father and my sister.
looking for enough to pay the rent and
buy my dinner. found it ... so ... boring. you see my life's
involved into a long term lover. music
was his name I had no time for any other. interest ...
this was my whole life ...

You cant sing if you wanna make a live. stop dreaming,
absolutely on me, but I've been listen
to them say ... I just kept smiling and ohh, I am a singer
now ...

one, two. whats a girl to do? three, four, I'm gonna
laugh some more. can you hear me laughing?
come on, five, six, I'm get in the skitch. you'll never
know you'll never ever break me baby ...
one, two, whats a girl to do? three, four, I'm gonna
laugh some more. is just so funny. come on,
five, six, I'm get in the skitch, you'll never know you'll
never ever break me baby ...

Now times have changed I found myself involved with
another. still trying to forget the game
without going under ... truly, truly, yet I'm still bored ... I
cant believe the way some people want
to stamp on others. trying to take away a sense of pride
must be fullfillin, if you ... got no feeling.

You cant sing. I thought I've already told you that. stop
dreaming. now get yourself back into
class. cant you see whatever you are trying to achieve
reporting nothing ... ?

one, two. whats a girl to do? three, four, I'm gonna
laugh some more. can you hear me laughing?
come on, five, six, I'm get in the skitch. you'll never
know you'll never ever break me baby ...

As I laugh, ha, ha, you can kiss my ass, all you guys
though I'd lived a non-existant life.
that's right you thought I might not making on my own.
got my own car, own cards, I own my
own home. got to be effective, living my dreams. all
those inhibitions I had to achieve. try to
ruin me you cant put me down so I'll prove you're
wrong, and sing my song, when you pass I'll
do a laugh, ha ...

As you bring me down ... ha, ha, ha, ha. I start to laugh
a little louder baby. I just have ever
laugh ... start to laugh a little harder, honey. you're still
on the ground? ha, ha, ha, ha. if you're
still on the ground ... as I have ever laughed ... can you
hear me? ha, ha ...
