A September morning life didnt seem the way it should  
be  
I was just mourning, thinking of all the wrong that was  
done to me,  
now check it  
Sitting on my door step thinking with my head down  
Alone in my own world with no one left around  
Then out of nowhere comes my partner Majesty, asking  
me  
"Yo, Iz why you look like theres been a Tragedy"  
Remember the girl from down the block that i was  
check out?  
I was on my way to her house sippin' on a Guinness Stout  
Looking jazzy like ya dont know, my jewels were  
dagging  
you can see it on the steering wheel of my Volvo  
I wanted to catch a flick and thats all  
Sarafina, heard it was playing at King Plaza Mall  
Had bad vibes before I got to her crib  
But when i did, seen her talking to this light skinned  
kid..  
check it out  
It's something that I so despise  
Faking moves on the mind of a fool  
brings tears to my eyes

Don't cry, don't cry, bring tears to my eyes,  
Don't cry don't cry...  
Don't cry, don't cry, don't cry...

Help her out the ride slam the door, press the alarm, is  
it on?  
Its time to drop the bomb, but remain calm  
Should I bring it up or should I just wait?  
For her to kick it, dig it,  
she was out to get it like Gidget, I figured  
Then I asked "Whos the kid that left your pad?"  
Oh, hes a friend of mine, I met him at the study lab, in  
school  
Sounds like the typical, mythical, mystical line  
Use my line, but you cant trick me hoe

Then she said she wouldn't let it happen again  
He came to the crib to help her out, so she had to let  
him in  
Sho ya right, he's coming in the day, but he's leaving at  
night (uh huh)  
Mama told me they'll be girls like these I said please  
I spent money like it grew on tree leaves  
It's something that I so so despise  
Faking moves on the mind of a fool  
brings tears to my eyes

Don't cry, don't cry, bring tears to my eyes  
Don't cry don't cry...  
Don't cry, don't cry, don't cry...

Another twenty minutes passed, then the phone rang  
I picked it up and said "Hello"  
and then her friend asked "Who is this James?"  
Naw, this is Izzy and I don't recall having my name  
changed  
And by the way who is this? ya bear witness, get this  
If you were here I'll probably hit you with my Guinness  
(Stout)  
Hung up the phone and got crazy, cause the woman I  
called my lady  
Was playing a role like Patrick Swayze  
I just left like a real man should, didn't argue a bit,  
feeling real damn good  
I heard the brothers say it doesn't pay to be faithful  
I learned my lesson that day, and I'm grateful  
But I can't face my future or my past  
It's hard keeping caution, at the same time watching my  
cash  
Making sure that I don't spend an extra buck, she  
flipped the script  
Mister "all that" got fucked, knee deep  
It's something that I so despise  
Faking moves on a mind of a fool  
brings tears to my eyes...

Don't cry, don't cry... what a way to go out  
Don't cry, don't cry... it's kinda...  
Don't cry... man  
It's gonna be alright...  
Don't cry... yeah...  
bring tears to my eyes...  
ha... yeah... ha  
and we out...
