you don't want to come across as confused or likely
to lose on the main drive you were lucky not to flip
your car or ditch it kid you were out of control but
you were my hero it's over now you've gone from being
someone to no one sit down and talk things out we've
tried and tried you don't ever apologize stop yelling
at me you're embarrassing me and i don't want to see
your face looking at me i never said i wanted anything
to do with you and now you're coming back to me like
you've got something to prove
