the light was empty my hands were still when i heard
the news i already knew you already told me waves
good
bye i'm not saying the end it's going around you Mandy
you are with me now Mandy never far from me
desperate
raiding the cupboards mixing gin and vodka i honestly
believe you kept me away from harm i was seeking see
you made me safely i'm at ease i know you are running
sweetness i miss you i miss you and once upon a time
a 10 year old girl Mandy you picked me good bye i'll
see you when i see see you when i see you again i'll
see you when i see you again
