sent like rain to your fallen knees  
I remember blue written  
Ã¢#128##156#ParisÃ¢#128##157#  
on you here at the break  
through not a path but brambles thick and all I can do is  
sit and stare at the floor  
at my shirt sugar too  
I don't need you anymore  
who was I trapped in all this fucking  
who straight as water as wine as you  
and maybe for a second we both thought  
it'd turn out the way we wanted it to  
but you're not like the rest  
you're not the fucking rest  
you're not like anything I've ever seen  
second guess worst is best  
I'm not waiting for you  
I don't need you anymore  
and now I'm holding on  
I'm holding still  
let me go  
as far as I can go  
fake the fear  
face the fear  
flying high and sinking low  
I'm not what you think  
I am exactly what I want  
I don't need you anymore
