some say she comes from under the ocean i think she  
wasn't born at all congratulations are in order for  
those who've tamed her wildest heart come down  
make  
sure everyone can see does anybody want the same as  
me i mean wanting me it hurts it's torture just joking  
i can't feel the girls are having fun tonight exciting  
will you help me through this i'll trade you boredom  
for your kiss come down make sure everyone will know  
does anybody look as good as you i don't think so i'm  
gonna miss you i don't want to say it but i have to  
so goodbye didn't want to but you made me didn't  
want you just go away
